PASA's Mission

PASA (Portuguese American Soccer Academy) offers soccer academies to help develop players to their fullest potential. Our goal is to make players more proficient from their very foundations of the techniques of soccer, (Ball mastery, individual moves, ball control and passing), and connect this with a players' ability to tactically understand the game better. In the end, the player will have a better understanding of the mechanics of soccer.

Our Summer Foot Skills Clinic will be run by **Wayne Currie, Head Women Soccer Coach at Emmanuel College and Director of Coaching for PASA FC.** Emmanuel College is one of the top DIII Women's Programs in New England. The PASA FC GU16 Girls is one of top teams in Massachusetts.
